

MEMORANDUM FOR: The Director of Central Intelligence

SUBJECT: Progress Report to the NSC (NSC-11) revision)

1. Attached is a revision of the Progress Report which in an earlier draft you had criticized because of its wordiness and lack of consistency of terms used to express evaluation.
2. This paper is approximately one-half the length of the earlier edition.
3. If this revision meets with your approval it will then be coordinated with the other agencies and resubmitted for signature to the NSC.
